

ORGANIC ON DEMAND

FRESH. CONVENIENT. EARTH-FRIENDLY.

Organically farmed and masterfully made, Bonterra Organic Vineyards wines are crafted to be perfectly in tune with nature. A celebration of the vitality derived from organic cultivation, our wines reflect careful farming practices carried out on a dynamic network of estate and partner farms throughout California. Long before organic produce filled the shelves of neighborhood groceries, our dedicated team was committed to organic and Biodynamic farming because we passionately believe that farms teeming with biodiversity—encompassing vines, insects and wildlife, and healthy soils—yield better wines.

RED BLEND

California

Crafted from Certified Organically Grown Grapes

VINEYARD NOTES

A blend of red varieties—each sourced from California regions where they thrive—this wine includes estate-grown fruit from our vineyards in Mendocino County, where a Mediterranean climate support richly flavored Zinfandel.

TASTING NOTES

The inaugural release of our boxed red blend delivers the purity of flavor of Bonterra's organically farmed wine in a convenient, eco-friendly format that is easy to tote outdoors and stays fresh after opening for up to 30 days. This nuanced wine marries Zinfandel with Malbec and Petit Sirah, for added color and depth of flavor. Rich red and blue fruit aromas segue to a palate of concentrated dark berries, underscored by a subtle thread of pepper and spice. Silky-smooth tannins frame a lingering finish in this versatile, food-friendly blend.
